Anti-GLP-1R antibodies

Two different monoclonal GLP-1 receptor antibodies developed by Novo Nordisk are available at the Developmental Studies Hybridoma Bank at the University of Iowa.

These antibodies can be acquired via the following links.

Anti-GLP-1R, clone 3F52:

http://dshb.biology.uiowa.edu/Mab-3F52?sc=9&category=-109

Anti-GLP-1R, clone 7F38:

http://dshb.biology.uiowa.edu/Mab-7F38?sc=9&category=-109

These tool antibodies will not be in stock for ordering via this website, but feel free to sign up for Compound Sharing Updates to stay informed when other compounds are added to the list of available compounds.

Category	Tool antibodies
ID	mAb clone 7F38 and 3F52
Amount pr. vial	-
