Use your master's degree to kick-start a life-changing career

Kick-start your global career with the Novo Nordisk Graduate Programme

What's it about?

Looking for the first step towards a life-changing career? Then look no further. As a successful global pharmaceutical company and the world leader in diabetes care, Novo Nordisk are looking for tomorrow's key people to join our 2-year global Graduate Programme – an exciting Learning Journey that will help you discover your potential, experience different cultures and make an impact through rotations in diverse teams across the organisation!

What's in it for me?

- Rewarding and challenging rotations in a multinational company
- Training and mentoring to ensure continuous professional and personal development
- International experience and global career opportunities
- Own deliverables and exciting projects from day one
- A full-time position with salary and benefits as part of a company that values work-life balance
- The opportunity to improve patients' lives around the world!

Am I qualified?

To apply for the graduate programme, you must have:

- A relevant master's degree from 2019 or 2020, and above average academic achievements
- International experience, for example from studying a full semester abroad, working or volunteering
- Relevant work experience or extracurricular activities obtained next to your studies
- An international outlook and the ability to adapt quickly to change
- A team-player mindset, excellent communication skills, high drive and an eagerness to learn
- Professional fluency in English, and be globally mobile

How do I apply?

Check out the Novo Nordisk Graduate Programme website for more information about this exciting opportunity and the application process. You can apply online from 12 November 2019 until 8 January 2020.

Apply before 8 January 2020 at novonordisk.com/graduates
