

Global Market Access

Novo Nordisk®

[Click here to apply](#)

Looking for a life-changing and rewarding career within market access? Join the Global Market Access Graduate Programme!

The programme has been designed to develop the next generation of market access leaders and specialists and will give you the opportunity to be a part of the next wave of pharmaceutical marketing – the team that ensures millions of patients worldwide get the full benefit of life-changing medicines.

What's it about?

When you join the Global Market Access team, you will contribute to ensuring patients have access to our life-changing medicines on terms that are sustainable both for our company and for society. Health economics and value communication, pricing analytics, payer engagement, collaboration and reimbursement submissions are just a few of the tasks we perform in this high growth area.

Throughout the programme you will gain broad experience and invaluable skills within market access and public affairs. You will work with senior managers and build an international network of world-class colleagues, establishing yourself as one of tomorrow's key people in market access at Novo Nordisk.

The Position

During the 2-year programme you will undertake three challenging and exciting rotations of 8-months duration, both in our corporate headquarters in Denmark and in one of our global offices. You will gain experience working as a fully-fledged member of the teams and receive leadership and teamwork training and development.

During the first rotation in our headquarters in Denmark, you will experience hands-on learning and a solid introduction to corporate life. On your second rotation, which can be anywhere in the world, you will gain local market insights and high responsibility as you bridge global strategies with local needs while securing functional collaboration. Coming back to Denmark on your final rotation in our headquarters or regional office, you are now an experienced professional and will drive your own projects with a focus on external market access, stakeholder engagement and collaboration.

Working at Novo Nordisk

At Novo Nordisk, we don't wait for change. We drive it. We're a dynamic company in an even more dynamic industry, and we know that what got us to where we are today is not necessarily what will make us successful in the future. We embrace the spirit of experimentation, striving for excellence without fixating on perfection. We never shy away from opportunities to develop, we seize them. From research and development, through to manufacturing, marketing, and sales – we're all working to move the needle on patient care.

Qualifications

To apply for the Global Market Access Graduate Programme, you must have:

- A master's degree from 2021 or 2022 in a relevant field, for example within econometrics, health economics, outcomes research, public health, value communication – and above average academic achievements
- International experience, for example from studying a full semester abroad, working or volunteering*
- Relevant work experience or extracurricular activities obtained next to your studies
- International outlook and ability to adapt quickly to change
- A passion for market access, high drive, eagerness to learn and an ability to adapt to change
- Excellent interpersonal skills and a professional and personal impact that is reflected in your desire to take the initiative and responsibility for your projects
- Professional fluency in English and be globally mobile

**if Covid-19 restrictions have prevented you from obtaining (additional) international experience, e.g. studying or completing an internship abroad, feel free to still apply and explain what your plans were, how they changed and what relevant experience you have gained instead.*

If you meet the criteria and are interested in joining the programme, we look forward to seeing your application no later than 5 January 2022 GMT+1.

Be sure to read below about the application process.

Important before you apply!

Before you click the "apply now" button please ensure you have prepared your CV, latest transcript and motivational letter.

In the motivational letter, we would like to learn more about your motivation: why do you want to join the pharmaceutical industry, Novo Nordisk and the Graduate Programme; about your expectations: what are your expectations to the Graduate Programme and how will the programme support your career aspirations and lastly we want to learn more about your fit: which personal and professional competences makes you a great fit with the graduate programme.

Lastly, you will be asked to record a 1-minute video sharing why you are the ideal candidate for the Global Market Access Graduate Programme.

Please note that the application and video should be in English.
