

# Find the right affiliate, wherever you are

Use this guide to quickly locate the correct invoicing and support emails for any Novo Nordisk affiliate worldwide – ensuring your documents reach the right place on the first try. Please follow the guidelines applicable to the NN entity's location rather than your location as a supplier.

We kindly ask you to comply with these guidelines when sending a PDF invoice or a credit note to Novo Group companies.

- Make sure the Purchase Order (PO) number is included – if the PO is not available, please use the Novo Nordisk requestor's initials
- Each invoice should be sent as a single PDF attachment
- You can attach multiple invoices as separate PDF attachments in a single email
- Do not include instructions in the email. The system will only consider the attachments and ignore any text in the email
- Do not send attachments that are password protected, as the system cannot open such files

For any payment-related queries, reminders or statement of accounts, please look up the affiliate you are invoicing below and reach out accordingly.
